## From the Secretary's Desk...

I would like to thank the almighty for the past and placing ourselves under his protection and guidance for the future. We have completed three years of striving, dedication, hard work and sincerity in our Endeavour for providing quality education. Looking back on the past years one has to acknowledge that Kharagpur Vision Academy has done an excellent and outstanding service for the cause of education in the most congenial and healthy environment. The concept of education has changed in a big and seemingly unmanageable way in the recent time. Man's adherence to and rejection of certain practices have thrown up new challenges. Today education has opened new vistas. Improvement of 'Self' remains not only a non-changing factor but has assumed greater significance. College and teachers have a more important role to play in the life of a student. He/she has to accomplish something more than imparting knowledge. There has never been a greater need to respect to a child's sensitivities. Teachers, in order to ensure proper, orderly and optimum growth of child have to mark an effort to learn to respect his/her personality. The college and teachers must ensure that the child does not have to work under stress, it should, in any case have to reduce to sheer minimum. Kharagpur Vision Academy is one of the most prestigious in kharagpur. Kharagpur VisionAcademy provide specialized and qualified professional counsellors for career and personality development of the students. Often quality workshops are organized to motivate teachers and students for better tomorrow. In our curriculum technology aids, power point presentation, smart class room and 3D audio- video room are part and parcel in our teaching. I feel good to say that Kharagpur Vision Academy is best equipped with all technological aids which our students acquire and imbibe for their bright future. Besides a wonderful infrastructure the students of Kharagpur Vision Academy live in an aura that has been greatly enriched by a dedicated teaching faculty. The college prides itself of a teaching staff that is totally devoted to the cause of child' development backed with rich experience. Kharagpur Vision Academy strives at developing future leaders who can lead lives in any dimension and therefore aims to tutor its children in an environment where each child can realise his innate potential. Our motto is to strive for excellence and is the guiding light for the grand vision that we have for our children.

**~Mr. Sk Md Aziz (Secretary)**

## From the Principal's Desk...

**I**nstitution are born when men have a cause, a faith, a determination and vision. We talk of buildings and structures but it is not the stone walls that make out institute. It is what goes on within these walls. Academic excellence is the prime goal of any institution but this excellence cannot be ambience for a healthy all-round development. This includes inclination of moral smart, confident, creative and positive personally. Real education is an emotional as well as intellectual experience of students. The process is interactive and the outcome is developing a positive attitude in our students. They strive for excellence, not acquiring rank in classes. We have implemented new techniques in the college to make the students ready to face all the challenges of the world. Lets us dream together and let it be the beginning of a reality. In the words of the Mahatma Gandhi, "May we continue to be the change we want to see." Keep shining.

Moreover, discipline is a non-negotiable factor of a trainee's life . In our campus they inculcate the values of time management and punctuality by ensuring attendance in the regular classes . Honesty and Integrity should be our second names . I intently believe that you would have an all around development of your persona lying during your stay in this Temple Of Learning.

With best wishes and blessing for the upcoming session.

**~Dr. Arun Maity  
Principal**
